BUSINESS PROFILE

& DEVELOPMENT PLAN

Anathi tours

Business type: Sole Proprietorship

Industry: Logistics

Location: Gqeberha

Prepared on: 22 October 2026

Prepared using Business Buzz DigiDocs

DEMONSTRATION DOCUMENT — not an official government-issued document.

1. Executive Summary

This document introduces Anathi tours, a Sole Proprietorship business operating in the Logistics sector in Gqeberha. The business owner should complete this plan with their offering, target customers, objectives, and funding requirements.

2. Business Description

Business name: Anathi tours
Business type: Sole Proprietorship
Industry: Logistics
Location: Gqeberha

Business activities, ownership details, and operating model: To be completed by the owner.

3. Vision and Mission

Vision: To be defined by the business owner.

Mission: Describe the customers served, the problem addressed, and how the business will deliver value.

4. People and Leadership

List each owner or team member, their role, responsibilities, and business contact details. Complete this section with verified information.

5. Core Values

Define the principles guiding the business, such as integrity, customer service, quality, accountability, and innovation, where applicable.

6. Business Goals

Short term (0–12 months): To be completed.

Medium term (1–3 years): To be completed.

Long term (3+ years): To be completed.

7. Objectives

For each objective, record the intended outcome, target date, resources required, and a measurable indicator of success.

8. Market and Location Analysis

Describe the target market, customer needs, competitors, location suitability, and market opportunities. Research is required to validate these details.

9. Products and Services

List the products or services offered, their benefits, pricing approach, and what distinguishes them from

alternatives.

10. Marketing and Sales Strategy

Describe the intended customers, promotional channels, sales process, pricing, and customer retention strategy.

11. Operations Plan

Document daily activities, equipment, suppliers, staffing, premises, and any relevant licences or regulatory requirements.

12. Financial Plan

Complete start-up costs, operating expenses, pricing, sales forecasts, cash-flow estimates, and funding requirements using realistic figures. No financial projections have been assumed here.

13. Risk Management

Identify business risks, their likelihood and impact, and practical mitigation measures. Review risks regularly.

14. Conclusion

This plan is a starting point for business development. The owner should review, complete, and update it as the business progresses.

15. Sign-off
